- Reaching out to meet with community health educators

Sayah Lee at The BCS Prenatal Clinic annual fundraising event (April 2019)

## **6. Bible Study**

- Austin team (Youngsoo & Soojung Kim) hosting weekly meeting with Korean church youth group

Youth Meeting in Austin, TX

# Future Directions

## **For Our Branch**

- Monthly meetings and invitation to potential members
- Education sessions for FASD and addiction topics
- Retreat in Austin for fellowship with Kim family and their youth group

**For Community Outreach:** our hope is to develop trusting relationships with community based organizations and ensure their health educators or counselors include information about FASD to their clients.

- Serve low-income pregnant women and teenage moms through volunteering opportunities
- Request and distribute FASD education fliers to visible places
- Share the Gospel through Bible Study

**Thank you!**
